AHA! International Haflinger Celebration

NEW! – Team Challenge Event

Have fun with your friends and combine your entries for a special team award!

HOW IT WORKS:

- 🐾 Teams are made up of three horse/exhibitor combinations. At least one must be a W/T rider. Exhibitors on the team may not share horses but may compete on more than one horse.
Tip! Visit the AHA Members page on Facebook to help fill your teams!
- 🐾 Mix and match to complete as many of the Team Challenge classes as possible. For Team Challenge point consideration, select no more than one exhibitor whose points will count for each class. Each team’s horse/exhibitor combination must compete for at least four classes, but no more than seven classes.
(Note, class limitations are for Team Challenge point consideration **only**. All team members may compete individually in as many classes as they like, and they may all compete in the same classes!)
- 🐾 No need for duplicates from your individual entries, just enroll your team and submit a list of which exhibitors will be competing in which classes for the team event using the chart below.
- 🐾 The team with the overall highest score wins! Ribbons are awarded to all team members through 8th place.
- 🐾 BONUS! Take your team’s name to new levels and enter the special “Team Spirit” class for bonus points!

Important Show Rules

- 🐾 Begin your ride by having your helper hold up your show card in front of the camera for five seconds.
- 🐾 As soon as the class or test is finished, the camera must slowly circle the horse and rider showing all equipment and attire, including spurs and whip if used. If the videographer is unable to enter the arena for filming, the rider may turn the horse slowly to allow complete filming of the equipment. Following equipment check, the rider will dismount and show that two fingers can fit between the bosal or cavesson and the horse's cheek, then drop the bit so it can be evaluated. Hold the bridle so as not to obscure the curb strap or curb chain. Demonstrate that the curb strap or chain is flexible and is at least ½ inch wide. Make sure the judge can see all parts of the bridle, including bit and reins clearly. Exceptional or Para riders and all drivers are exempt from the dropping the bit requirement.
- 🐾 Each ride must be filmed continuously with no starting and stopping; the entire horse and rider/driver/handler must be completely visible in the frame at all times.
- 🐾 Dressage test readers and rail class timers/gait callers allowed; no other coaching is permitted.
- 🐾 Natural background sound must be audible in your video. Entries with sound removed or covered will be disqualified.
- 🐾 Neat and tidy appearance and clean and safe tack are required. Show clothes and silver tack are welcome but will not be an advantage!
- 🐾 Please follow the standard equipment rules for each discipline. The horse's legs must be bare with no wraps or boots.
- 🐾 Approved headgear is encouraged for all riders, but required for all riders under 18 and those competing in disciplines that require helmets.
- 🐾 Rider and horse age is determined as of January 1st of the competition year.
- 🐾 We welcome participation by all Haflingers that meet the breed standard for appearance, including chestnut coat with cream mane and tail. We do not require Haflingers to be registered but they must visibly appear to be Haflingers. If the judge decides your horse doesn't meet the breed standard for appearance of Haflingers, your ride will not be judged and all entry fees refunded (horses with registration numbers listed on entry are exempted).
- 🐾 Videos must be filmed for and submitted to only the AHA! International Haflinger Celebration 2022 Virtual Show. Any video suspected of having been filmed during or for another competition will not be scored.

- 🐾 No horse may be shown more than once in any class with the same class number, including Test of Choice classes. Noncompliance with the above guidelines will cause the test to be eliminated.
- 🐾 Horse and rider combinations cannot cross enter between W/T and W/T/C rail classes. W/T/C riders may enter Intro Dressage or Over Fences Cross Rails. Horse and rider combinations entered in Walk Only classes may not enter any other riding classes.

Where and How to Video

- 🐾 For **dressage tests**, place the camera behind C (where the judge would normally be seated). Dressage tests should use arenas that are as near as possible to regulation size and be sure letters are set appropriately to be viewed by the judge. Cones with large letters on them and poles on the ground to delineate the corners are acceptable.
- 🐾 **Patterns and courses** will be posted online at <https://haflingeralliance.com/virtual-show> for all classes that require one, with dimensions and camera location included. For showmanship, have a helper act as a "judge" and walk around you for inspection.
- 🐾 For **rail classes**, please show 15-20 seconds of walk each direction, and approximately 30-40 seconds of any required trot or jog and canter or lope in each direction. Also show a halt and reinback in one direction while on the rail. You may have a helper time you and call your gait changes. The camera should be placed in the middle of the arena/riding area.
- 🐾 Shoot in landscape/horizontal orientation.
- 🐾 Use of a tripod is strongly recommended.
- 🐾 Place camera several feet away from pattern or rail so that the entire horse is still visible when near the camera. Keep the entire horse in the frame, as well as any dressage letters, cones, or pattern elements.
- 🐾 Zooming is great IF your videographer can do so smoothly. If not, just skip the zoom! And don't zoom in so much that the camera loses focus.
- 🐾 Plan ahead for videos and allow time to create quality videos that showcase you and your horse. Don't forget to leave time for uploading, too!

Visit haflingeralliance.com/virtual-show for full rules and even more tips!

These guidelines are to help the judge give you the most accurate evaluation possible and to keep the playing field level for everyone.
